REPORT ON WORK AT KALIHI

Serum Treatment Kalaupapa Requests—Reports From the Orient. Food Inspector Johnstone.

President Smith, Dr. Emerson, Dr. Wood, Dr. Day, Theo. F. Lansing, D. L. Kellipio, Agent Reynolds and Secretary Wilcox were present at a meeting of the Board of Health held yesterday afternoon.

L. Turner, Hilo hospital, reported \$33.50 balance on hand at first of July. A trained nurse was recommended for the hospital. Miss Wheelwright will probably be sent.

Mrs. Feary asked permission to make and sell ice cream at the Settlement. Mrs. Maipinipini applied for license to sell imported candies at Kalaupapa. Both referred to Mr. Reynolds.

A letter from the sister of Steward Robinson, of the transport Colon, who dropped dead on his vessel on June 25, was read. She asked about Hawaiian law respecting the exhuming and removal of bodies, and the cost of such removal to California. The secretary was instructed to furnish particulars.

Dr. Alvarez' report for the three months ending August 1, as superintendent of the Kalihi receiving station, was read. He reported that five boys were under regular treatment there. Two of them were showing marked improvement. It was thought by the bacteriologist that the cure for leprosy would eventually be found in a serum taken from animals inoculated with the leprosy bacilli. In carrying out the instructions of the department in photographing patients an effort was being made to illustrate the disease in each particular case.

President Smith urged the necessity of "taking stock" in all the subdivisions of the Board of Health. After annexation quarantine, leprosy and other matters under the Board would be overhauled. Experiments in the treatment of leprosy would be investigated by scientific men. Quarantine system would come under the rigid laws of the United States.

A very large number of matters connected with business of the Settlement were passed upon. Discussion of them lasted all of an hour.

Dr. Rokahu excused a report of Dr. Eldredge for the first half of the year 1898. It showed 69 vessels and over 16,000 passengers examined for the United States. Dr. Rokahu reported the sanitary condition of Japan exceedingly good. He had private information that many cases of plague in Formosa never came to the attention of the Japanese officials.

Dr. Jordan reported the plague diminished and health satisfactory at Macao and Hongkong. In three weeks of June and July there had been 36 cases and 32 deaths.

Matter of the appointment of a food inspector came up. President Smith and Dr. Emerson favored Arthur Johnstone for the reason that he was thoroughly qualified, had all instruments necessary and took a deep personal interest in the subject. Mr. Johnstone was unanimously elected.

MISS STURGEON

DIED AT HOME.

Sad News of a Young Lady Resident of Honolulu.

(New Whatcom, Wash., Friday, July 22.)

The unexpected death of Miss Annie Sturgeon at Seattle yesterday morning was a great shock to the entire community in which she was so well and favorably known. She was the eldest daughter of Mr. and Mrs. E. Sturgeon of this city, and had been in Honolulu for the last three years engaged as the stenographer for the banking firm of Bishop & Co., of that city. For some time before going to the Hawaiian Islands she was in the dry goods house of Stocklein Bros. here.

Some months ago she was told by physicians that she was afflicted with a growing tumor and that unless this was removed she could not expect to live long. Mr. S. M. Damon, the manager of the bank, who is also the financier for the Hawaiian Government, advised her to come home and have an operation performed and to that end gave her a leave of absence for three months, continuing her salary while absent, thus showing the high esteem in which she was held by her employer. She arrived home about two months ago and to a casual observer appeared to be in perfect health and enjoyment of life, but she was not.

Last week she went with her mother to Seattle to undergo the operation, and on last Saturday it was apparently successfully performed and she seemed to withstand the shock until the last few days, when reaction took place, and she passed away yesterday morning.

Miss Sturgeon was a most excellent young woman of a happy and considerate disposition, loved by all who knew her. It is a sad blow to her parents and sister, Mrs. Dobbs, who knew so much of her nobility of character and womanly virtues. Mr. Sturgeon went to Seattle yesterday to bring the body home for burial and will arrive on the train today. The funeral service will take place at 2 o'clock p. m. this day, at the residence of her parents, at the

corner of Kentucky and North Elk streets.

Miss Sturgeon was quite well known in this place and all who had her acquaintance will be saddened by news of her death. She was a young lady of most admirable traits and commanded respect and admiration at all times. During all of her stay here she was a member of the family of H. E. Wally, of the Bishop & Co. bank, and as such was appreciated and loved. Her state of health was disclosed by herself only a short time before her departure. Up to the time of consulting a Honolulu physician she did not realize the seriousness of her condition. The professional view of the case here was that the young lady should be at her home at the critical time. No one who met her daily had any idea that beneath the affable exterior there was pain and suffering and perhaps at times fear. It was the plan of Miss Sturgeon to return to Honolulu so soon as possible.

UPPER COURTS.

Term Business—Maui Railway Case—Decision.

Judge Perry yesterday rendered a decision on the Hawaiian Commercial and Sugar Co. and the Maui Railroad and Steamship Co. motion by respondent to dissolve temporary injunction, Thurston for complainants; Kinney & Ballou for respondents.

In the matter of the estate of C. Akana, deceased, motion for a rehearing was yesterday denied by the Supreme Court. Opinion by Justice Whiting. Magoon and Sullivan for administrators; Henshall for creditors.

Defendant has filed a general denial to complainant in the matter of Alfred Roche vs. C. W. Dickey, Malicious prosecution. Henshall and Creighton for complainant; Lyle A. Dickey for defendant.

Bruce Cartwright has filed his annual account as trustee of the estate of H. W. Holt, deceased, charging himself \$18,111 and crediting \$17,215.71.

In term Circuit Court Judge Stanley presiding, only one case was called. That was the matter of the Republic vs. Keaka Nalwi, charged with manslaughter in the first degree. The Holt for defendant. At 5 o'clock the case went over to today.

Keahi, charged with larceny in the second degree, was found guilty by a native jury and sentenced to three months' imprisonment at hard labor. David Lawell, convicted of assault and battery, withdrew his appeal and accepted the fine of the lower court.

THE FLAGS OF HAWAII.

(These are the two songs first rendered at the Summer School last evening.)

THE OLD.

(Air: Home, Sweet Home.)

From joys of our youth that are dear to the heart,

Our growth into manhood compels us to part.

Though fondly we linger and wish them to stay,

The days of our childhood are soon passed away.

Farewell, each cherished day,

The youth of our nation is passing away.

Dear flag of Hawaii, the loved and the old,

Our fondest remembrance need never grow cold.

We only see o'er thee in manhood's new hour.

To guard and protect thee, a banner of power.

Farewell to childhood's hour,

We stand on the threshold of manhood and power.

We yield but to love thee, the flag of the state,

All safe from the turmoil of seizure and hate.

The stars of the Union more honored will be,

Old flag of Hawaii, by floating near thee.

Ever our loyalty,

Fair flags of Hawaii, unchanging will be.

THE NEW.

(Air: Star Spangled Banner.)

Oh! Say, have you heard of the Isles of the West

Where the palm and the cane in their fullness are growing?

Where the ocean waves break in the coral-tide crest,

And the mountains of beauty in sunlight are glowing?

Here the leaves of the vine with the fruits intertwine

And the beams of good-will o'er humanity shine.

Oh! star-spangled banner thy help in times past

Has given the promise of blessings that last.

Oh! what shall protect all the sons of the soil

And guard from the hand of destructive invasions?

Oh! what shall secure us the fruits of our toil

And give us a place in the strength of the nations?

Ye stars that shine bright in the far-away height,

We trust in the Lord who will guide us aright.

So star-spangled banner thy mission will be

To guard and protect these fair Isles of the sea.

From the Isles of the sea and the continent's strand,

From heart of the hills and the bounds of the ocean.

There rises a chorus of harmony grand,

A chorus of loyalty, union, devotion.

To the song of our choice, winds and waves lend your voice

And roll round the earth as the ages rejoice.

Then star-spangled banner thy glory shall be,

Mankind from its errors and dangers to free.

ARE FOREIGN YET

No New Relation of Island Ports Till Act Is Passed.

U. S. Attorney General Examining Law-Registers—The Precedents. Probable Ruling.

NEW YORK, July 23.—A special to the Sun from Washington says: Attorney General Griggs, at the request of Secretary Gage, is examining the law with a view to advising the Treasury Department whether or not under the Newlands' resolution, annexing Hawaii to the United States, vessels sailing under the flag of that Republic are entitled, without additional legislation, to fly the flag of the United States and receive American registers, and also whether or not commerce between the Islands and the United States is coastwise traffic, to be engaged in only by vessels under our flag.

Legislative precedents answer the first question in the negative. After the purchase of Louisiana in 1803, Congress provided by enactment for the issue of American registers to vessels owned by citizens of the newly acquired territory, and in 1898, the year after the purchase of Alaska, a law was passed authorizing the Secretary of the Treasury to grant registers to vessels owned by citizens of the new country.

Upon the question of traffic between Hawaii and the United States there is a decision by the Supreme Court to the effect that where a country came under the jurisdiction of the United States by purchase, the ports thereof remained foreign ports until they were declared to be domestic by act of Congress.

Although Hawaii did not come in by purchase, it is believed by the Treasury officials that the Attorney General will hold that the ports of the Islands at present, at least, are foreign ports, and that commerce between them and the United States is open to the vessels of all nations.

A SENATOR'S VIEWS

U. S. to Have Nominal Possession of Spain's Colonies.

WASHINGTON, July 21.—Senator Warren of Wyoming has not left Washington and is a daily visitor at the White House and War and Navy Departments. He is of the opinion that there is no promise of immediate peace. He said:

The United States will not offer terms until it has nominal, if not real possession of all the Spanish dependencies. We have the island of Cuba practically under control. We have the Ladrone and Philippines, and the expedition now preparing and partly under way from San Francisco will take the Carolines. It is not impossible that Porto Rico will be ours before the week is ended and Watson will get a foothold. Obviously, as one of our conditions will be the liberating of all these colonies from Spanish rule, it is better that we have constructive possession, at least, of all of them, as we will have real control of the most. We can better dictate terms when the actual power of disposition is in our hands. That is why the expeditions are hastening.

Effect of Mauser Bullets.

NEW YORK, July 23.—Surgeon Major Kimball, in charge of the Army hospital on Governor's Island, said that the nature of the wounds made by Mauser bullets was most gratifying to the surgeons, and that fewer operations were necessary and the percentage of recovery far greater than had been made by the old Springfield or Martini-Henry rifles. He said that the small, pencil-like bullets seemed to have antiseptic effect, as the wounds healed with great rapidity and caused very little discomfort to the men. He mentioned the case of one soldier who was shot through both lungs. "The man has a slight cough," said the doctor, "but otherwise seems to be all right."

Thanks From Red Cross.

MR. EDITOR.—Will you kindly convey through the columns of your paper, my deep and heartfelt thanks to your people for the kind and generous treatment I received during my stay in your beautiful city. Your hospitality surpasses any I ever saw in all my traveling; and in going away I will not say Good bye but Au revoir!

Yours very respectfully,

EUGENE ROSENTHAL, Red Cross with U. S. Army on Board Troopship Pennsylvania, Honolulu, August 2, 1898.
